Jordan Testwell

Experience

Member of Technical Staff | Northwind Sample Labs | Jan 2021 – Present

- Cut batch-job time by 40% by rewriting the scheduler in TypeScript, which let the nightly jobs finish before the morning reports were due.
- Led a migration of 12 services to PostgreSQL with zero downtime.

Software Engineering Intern | Contoso Example Corp | Summer 2020

- Built an internal search page in React.

Education

Bachelor of Science in Computer Science
Sample State University, 2016 – 2020
